

# SPECIALIZED NUTRITION PROGRAM

Our **Specialized Nutrition Program** offers delicious, nutritional meal options that continually raise the bar for excellence and quality. All Senior Care Centers strive to ensure that our patients and residents enjoy an elegant and dignified meal experience. We provide an expansive variety of delicious menu choices, regardless of specific care level our patients and residents receive. Popular meal services include salad bars, soup bars, cereal bars, coffee bars, omelet stations, waffle stations and snack stations along with our regular full dinner menu. Select buildings have also incorporated extended dining hours, continental breakfasts and room service to facilitate resident-centered care.
